Family business boards: do you want one, need one or do you need a better functioning board (advisory or fiduciary)? Learn how to optimize your family business board!

Our new program, the board school, launches in April. Only a handful of spots remain!

Larry Hause of [Hause Family Business Transitions, LP](#) will lead monthly engagements for family business leaders along with [Agatha Johnson](#) of [WillKate](#) and [Sandra McNeely](#) of [Abbey Group Ltd.](#)

"Business owners either dislike boards and do not want one or see value, or the board they have isn't working well. At this school, you will get an idea of what you can really expect from a board and then ask yourself: Is this what is going on in my business?  
We are not only going to give you chances to practice but some tools you can take back to your business." - [Larry Hause](#)

Families, owners and managers will collaborate more effectively and better understand their roles through this board school. What a great program!
